

## "Science is a Process" Project

Name\_\_\_\_\_

Date\_\_\_\_\_

### Tasks

- Choose a picture that represents a process.
- Research the process and take notes. Use the format we used for the maple sugaring notes. You should have at least three headings/categories.
- Explain how the process works. Divide the process into at least two phases and explain the steps of each phase.
- For each item on the Process Checklist, give an example from your process steps.

### Work Quality

- No pencil. Use ink or type. Font size should be at least 12.
- Use space well. Decide how to arrange your picture and writing in an organized manner that is easy to read and understand.

Label: The Name of the Process

Each phase of the process

Your process checklist explanations.

- You will need to turn in your notes as well.

Due Date - September 16
